Selected grades as the budget relaxes

One fixed law and nine-card family; domain weights 1/4 and 3/4.

Joint budget = 3/40

Minimum risk = 1/5

Domain 1	Domain 2
2 grades	**1** grade

Issue in domain 1 only

Joint budget = 1/8

Minimum risk = 11/80

Domain 1	Domain 2
1 grade	**2** grades

Issue in domain 2 only

Minimum risk falls, but domain 1 loses a grade.
Both cards disclose one direction and occupy two cells.
Maximum disclosure is a different objective.
