# A grade report a reader can inspect

**ILLUSTRATIVE DESIGN • NO DATA ANALYZED**

### Release fields to complete

Population and period: [declare]
Adopting authority: [name role]
Data/model/policy versions: [record]

**Label convention • schematic only**

| A | B, C |
|---|---|
| Earlier | Shared |

**Unassessed**

Outside grades

### Read the grade

Earlier: adopted-rule priority.
Shared: no internal direction.
Keep criterion profiles visible.

### Inspect the release

Declare targets and a / w / τ.
Record origins and restrictions.
Keep data/model/policy versions.

### Read the uncertainty

Summaries depend on the model.
Separate preferences and numerics.
No disclosure: fraction undefined.

### Specify the next action

Eligibility, budget and selection
need a separate published rule.
Benefit requires intervention analysis.

### Input or computational error?

→ Correction review
Recalculate; record cohort
and version changes.

### Meaning or priority disputed?

→ Adopting authority
Record its decision or
unresolved disagreement.
